

American Christians are worried in the "micro" about our homes, jobs, and futures, because for the past century we failed to see our home, job, and future in the "macro."

1. Our Home: Earth is our inheritance.

- We're not just visiting this planet; we're _____ it!

Revelation 21:1 Then I saw a new heaven and a new earth, for the first heaven and the first earth had passed away, and the sea was no more. **2** And I saw the holy city, new Jerusalem, coming down out of heaven from God, prepared as a bride adorned for her husband. **3** And I heard a loud voice from the throne saying, "Behold, the dwelling place of God is with man. He will dwell with them, and they will be his people, and God himself will be with them as their God."

2. Our Job: God calls us to build, plant, multiply, and leaven society.

- When a system is completely corrupt, God will _____ His people from it.
- God's plans for His people's future and hope included them losing their _____, _____, and being taken into exile.

Jeremiah 29:5 Build houses and live in them; plant gardens and eat their produce. **6**...multiply there, and do not decrease. **7** But seek the welfare of the city where I have sent you...pray to the LORD on its behalf, for in its welfare you will find your welfare... **11** For I know the plans I have for you, declares the Lord, plans for welfare and not for evil, to give you a future and a hope.

3. Our Future: Filled with grace and hope!

1 Peter 1:13 Therefore, preparing your minds for action, and being sober-minded, set your hope fully on the grace that will be brought to you at the revelation of Jesus Christ.

1 Corinthians 4:5 Therefore do not pronounce judgment before the time, before the Lord comes, who will bring to light the things now hidden in darkness and will disclose the purposes of the heart. Then each one will receive his commendation from God.

- When we stand before God to be judged, He will say _____ !

God will prepare us to inherit America's future if we will let Him deliver us from today's corruption in economics, education, politics, law, and culture.
